SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>.

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

- **FEMA-4482-DR-CA**

On 03/22/20, President Trump approved Major Declaration FEMA-4482-DR-CA (DR-4482) for the COVID-19 Pandemic.

Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 11/30/20 at 1100 hours:

- 63,326,010 (+447,004) total confirmed cases in 218 countries
- 1,469,663 (+6,592) total deaths

Confirmed United States COVID-19 Case – Per Centers for Disease Control and Prevention (CDC) as of 11/30/20 at 1000 hours:

- 13,295,605 (+152,608) total confirmed cases
- 266,051 (+855) total deaths

Confirmed California COVID-19 Cases - Per Medical Health Coordination Center as of 11/30/20 at 1100 hours:

- 1,212,968 (+14,034) total confirmed cases

- Total Outage Time: 3 hours, 6 minutes
- Jurisdiction Affected: Lathrop
- Reason For Outage: Unknown
- Wireless 9-1-1 Calls Impacted: No
- Wireline 9-1-1 Calls Impacted: Yes
- VoIP 9-1-1 Calls Impacted: Yes

Service Interruptions

- None reported

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- No significant weather of concern.

SOUTHERN CALIFORNIA

- A long duration Santa Ana wind event is possible from Wednesday night through Saturday evening.
 - Potential gusts of 40 to 40 mph range from the mountains and into the inland valleys with peak gusts of 50+ mph possible.
 - Successive dry days will lead to increasing fire danger as vegetation/fuels continue to dry.
 - A Fire Weather Watch will be in effect from late Wednesday night through Saturday evening.

<http://www.wrh.noaa.gov/hazardSummary/?state=ca>

Active Weather Warnings, Watches and Advisories by County:

<http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

WEATHER KEY POINTS

12/01/20 - 12/07/20

Tuesday-Sunday

- Elevated fire weather conditions expected again today across the Ventura and Los Angeles County Mountains
 - Localized wind gusts to 40 mph likely
 - Very low humidity also continues
- Moderate to strong Santa Ana winds appear increasingly likely to redevelop across southwest California Wednesday through Saturday, with critical fire weather conditions possible
- Long swell event across northern California coast today and especially Wednesday, with the potential for sneaker waves and rip currents
- Otherwise, dry weather continues statewide through the weekend with temperatures near to above normal for early December

CALIFORNIA WEATHER IMPACTS

10/21/20 - 10/27/20

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2020-LAW-47188, 11/30/20, 1544 hours:** IERCC advised of an inReach device activation at Lat/Long of 36.672052, -118.881640. These coordinates return to a location just inside Kings Canyon National Park (NP) in Tulare County. Both jurisdictions were notified of the activation and Kings Canyon NP sent a ranger to the location. The RO of the device sent a message indicating they had a hiker in their party with a leg wound and they were slowly descending the mountain. At 2015 hours, the RO and injured hiker reported being safe and back at their vehicle. **MISSION CLOSED**
- **2020-LAW-47714, 11/30/20, 1300 hours:** Santa Barbara County Sheriff's Office requested search/recovery divers for a missing recreation diver behind Santa Cruz Island. Santa Barbara County and the USCG are currently searching the area. Los Angeles County and Ventura County have accepted the mission and will begin their dive operation with Santa Barbara County on 12/01/20. **MISSION ONGOING**

Cal OES MISSION TASKING

Cal OES Missions

- Nothing significant to report.

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
